Personal Financial Literacy/Success (PFL) Program will use mini-boot camps and workshops in community/university settings for Spanish speaking families to increase their financial literacy and success so they can better assist their students. This style of interaction will be very engaging and hands on to increase learning. This program will use various financial literacy topics on financial aid, budgeting, and student loan debt but will progress through higher levels of financial success. All project participants and families will gain financial skills that can be utilized throughout life.
